

Series: Schenck RoTec

The TFT-Industrial-Monitor is a modern concept to replace old or defective 12" and 14" CRTs mounted in measuring units of Schenck RoTec. All Units are Made in Germany, using only high quality components. A mechanic housing, similar to the original Unit, makes it easy to exchange in just a few minutes. The new display is plug&play 100% compatible to the Schenck equipment and offers a Backlight Lifetime of 50.000 hours.
