

# Replacement TFT-LCD Monitor

## Series: Fanuc

The TFT-Industrial-Monitor is a modern concept to replace old or defective 9", 12" and 14" CRTs mounted in control units of Fanuc. All units are Made in Germany, using only high quality components. A mechanic housing, similar to the original Unit, makes it easy to exchange in just a few minutes. The new display is plug&play 100% compatible to the Fanuc equipment.
