

Replacement TFT-LCD Monitor

Series: Gildemeister

The TFT-industrial-monitor is a modern concept to replace old or defective 12" CRTs mounted in control units of Gildemeister.

All units are Made in Germany, using only high quality components. A mechanic housing, similar to the original unit, makes it easy to exchange in just a few minutes. The new display is plug&play 100% compatible to the Gildemeister equipment.

- For Gildemeister CT20, CT40, CT60, CTX400, CTX 500
